

IMPROVING THE HEALTH OF COMMUNITIES AROUND THE WORLD

“All faculty mentor students inside and outside the classroom, engaging them in nearly every aspect of their work—work that makes a major impact on public health, locally and globally.”

—Thomas Chandler, Dean

Discover the many ways to confront complex health issues in this exciting and growing field of study.

From improving access to health care and promoting healthy lifestyles to controlling infectious disease and reducing environmental hazards, University of South Carolina Arnold School of Public Health Graduate students learn how to tackle these situations from award-winning faculty with innovative research, education and outreach programs.

#23

in Public Health

—U.S. News & World Report, 2019

#1

in Sport Science programs including Exercise Science

—Shanghai Ranking's Global Ranking of Academic Subjects, 2018
